J. M. Fiffe Esq.

Submit the following for Thursday the 21 day of Oct. 1926.

Time consumed from 10.20 AM to 11.55 AM in completing and argument of picking Struck Jury.

At 1.30 P.M. the Grand Jury met and the following witnesses were present. (time Grand Jury set. 2.20 PM to 3.35 PM.)

1 Dickman was called time consumed about 5 to 10 minutes.
2 Louis Grist " " " " " " 5 minets.
3 Beaman " " " " " " 3 " "
4 "Mott" as I got it " " " " " 5 " "
5 Sommers or Mart " " " " " about 5 " "
6 Dupernet " " " " " " 5 " "

Other witness who were not called (note this money was also in Dr. Jane Gibson, "nigger Russell," "watchman" Phillips, Mrs. Damschmid (sister of Mrs Wells) Mrs. Schenck, (mother of "Dewrest" and Consort of Louis Grist) Mrs. Rastel, Barber wife also the Minister of Church, and he talked with two Ladies whom no one knew, also Mr. Case talked to these so I take for granted they were forced to come under subp.

Mrs Schenk was not a witness at present but gathered information that she is going to back up statement of Grist & Dewrest. woman, Grist took great pains in introducing her to "Jeniff".

At 3.35 P.M. Grand Jury adjourned until next Tuesday at 10 A.M.

On front steps of Court house "Jeniff" shook his fist at Judge Cleary saying as I heard if you don't I will get some one else, then he talked over to man whom sat beside of him in Court room this A.M., and another old man joined them saying Alex, hurry along and we will go over and get him now, Chief Walsh was on side walk waiting the four got in "Jeniff's" car it appeard that Walsh and another man was going but "Jeniff" said I had better go along: They held up hearing till nine o'clock

case until 4:30 P.M. Friday.

It seems to me that "Snip" is paving his way to have an alibi by saying to Judges if you want to do this & that I will not be responsible for results as I am not ready &c, no doubt he seen the hand writing on the wall when he will have to prove by his lying witnesses, and which I feel confident their testimony will be broken down when they are cross questioned, they will no doubt forget their little speeches.

From what I learned while setting in the Somerset Hotel lobby this P.M. the Hotel Clerk "Ford offered to bet .50¢ worth of Cigars with "Jack" Daily News reporter that the Grand Jury would not indict over two persons, but Jack would not bet saying you have got the inside tip; it appears that Public interest is backing the prosecuting side". It has been a public feeling that no one would believe Dickman nor the Gibson woman; Judging from all appearance and looks of the Grand Jurymen are disgusted with "Snip" hauling them to Court at 10 A.M. holding them all day away from their homes and then having them hang around all morning and as they say spending money, and loosing twice as much as they get, understand "Snip" wanted them to come back Friday the 22 and they made a holler and stated they would come back Tuesday. which "Snip" had to agree on their plan.
